

Solvay Brussels School
Economics & Management

Solvay Campus Recruitment

2024 -2025

OUR FACULTY

The Solvay Brussels School of Economics and Management, founded in 1903 by Ernest Solvay, trains women and men to develop management skills, analytical thinking, business and economics readiness.

The School is a demanding institution that strives for excellence, imposing rigor and autonomy on its students.

Since 2010, the School has been an integral part of the Université Libre de Bruxelles (ULB), which now has among its faculties a high-quality faculty dedicated to Economics and Management.

OUR MISSION

At Solvay Campus Recruitment, our mission is to bridge the gap between ambitious students and esteemed companies.

For Companies

We organize a variety of events designed to connect your organization with talented students, streamlining your talent acquisition process. Our aim is to ensure that you discover individuals who not only meet but exceed your expectations, enhancing your company's reputation and future success.

For Students

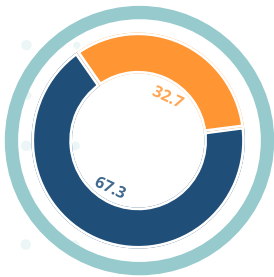

We provide unique opportunities for students to develop their skills, explore diverse career paths, and engage with leading companies. Our goal is to guide students towards employers who will foster their personal and professional growth, setting them on a path to a successful future.

OUR STUDENTS

Bachelors & Masters figures

Bachelors*

The distribution of students in the Bachelor's programs for Economics and Business Engineering highlights the diverse academic interests of our student body and the proportion of international students.

Distribution of students in Bachelor's programs

- % of Bachelor in Business Engineering
- % of Bachelor in Economics

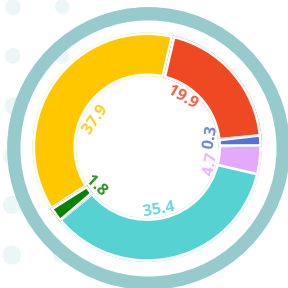

Proportion of international students in Bachelors

* Please note that the figures refer to the Bachelors programs given in french. September 2024 represents the kickstart of the two news bachelors programs in English.

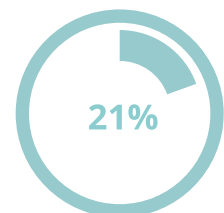

Masters

The distribution of students across the various Master's programs showcases the wide range of specializations and academic pathways within our institution.

Distribution of students in Master's programs

- % of Students in Master : Business Engineering
- % of Students in Master : Management Science
- % of Students in Master : Economics
- % of Students in Master : Economics Analysis & European Policy
- % of Students in Master : Economics Governance & Public Policy Europe
- % of Students in Research in Economics

Proportion of international students in Masters

SOLVAY CAREER DAYS

19 • 20 FEBRUARY

The **Solvay Career Days** is the most eagerly awaited event at the Solvay Brussels School!

This two-days event represents the opportunity for students and companies to network, engage in fruitful discussions, and explore future opportunities.

With a staggering presence of around 80 companies and over 1000 talented students, the Solvay Career Days offer an unmatched opportunity to put your company on a pedestal and scout for the most promising individuals to join your team.

As the flagship event, the Campus Recruitment team is working restlessly to ensure that your company has a unique experience that lives up to the expectations. Organized on the 19th and 20th of February, our Career Fair is perfectly placed for all the students looking for an internship in their last year or for the future graduate student looking for a job. This is the perfect opportunity to fill your positions with qualified students from the Solvay Business School.

What is included ?

- A stand space (3x2m, 4x2m, 5x2m) complete with a table and chairs
- WIFI, parking (one spot per company), and electricity access
- Catering : all-day bar, lunch and walking dinner (with adaptable options to cater to various dietary preferences)
- A dedicated “corporate room” for any private meetings you may have
- CV book that features the profile of all attending students and networking opportunities

1750€

ADDITIONAL EVENTS

Solvay Career Night **24** OCTOBER

The Solvay Career Night is the first opportunity of the academic year to build strong relationships with students, spot your future talents, and valorise your company. Our job fair is taking place in October with a limited number of companies to increase the interaction between students and potential future employers.

Everything you need will be at your disposal to promote your company to the most adventurous and talented students.

Solvay Workshop Night **26** NOVEMBER

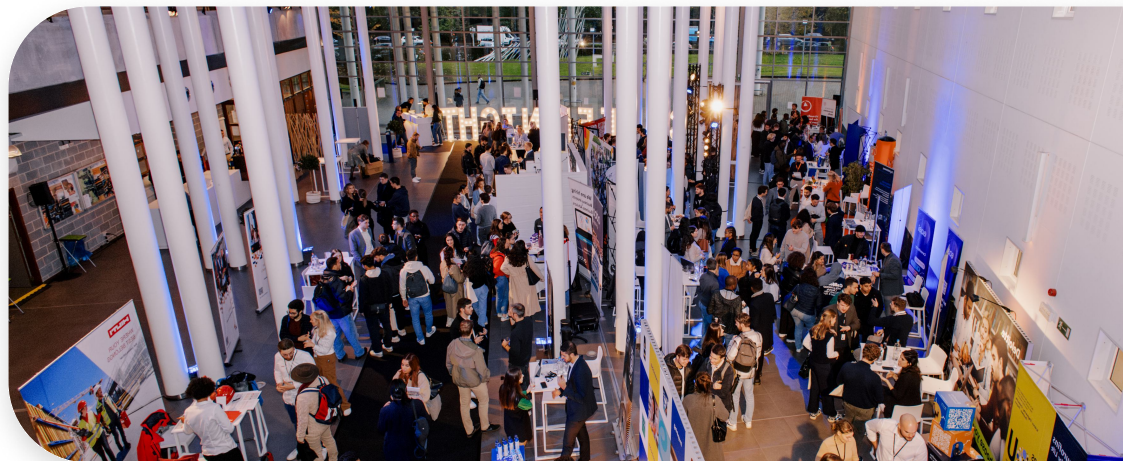

Welcome to the Solvay Workshop Night, an event based on sharing, learning and discovery. The aim of the Workshop Night is to pass on skills and challenge students.

Your company will have the opportunity to present itself and give 2 workshop sessions of around 1 hour each with different groups of students.

The evening will close the event with a walking dinner with the participants.

Exclusive Event

An Exclusive Event offers a distinctive opportunity for companies to host immersive workshops for groups of students. With a one hour and a half time slot, participating companies can deliver an in-depth workshop, sharing their knowledge and expertise with engaged students. After the workshop, participants can continue networking during a drink in the elegant setting of R42's atrium.
