Solvay Campus Recruitment

## About Us

The SBS-EM was founded in 1903 by Ernest Solvay, a humanist and industrial leader to bridge the gap between business and technology. Today, the School is proud to be part of the Université Libre de Bruxelles (ULB), which now has among its faculties a high-quality faculty dedicated to Economics and Management.

## Our Mission

The Solvay Campus Recruitment is our school's programme facilitating employers' talent acquisition. It enables quality employers to connect with our students (Bachelor & Master) through online as well as offline recruitment activities. This programme is powered hand in hand with the Solvay Brussels School as well as the Bureau Etudiant Solvay and the Cercle Solvay.

### A perfect timing

Organized on the 21th and 22th of February, our Career Fair is perfectly placed for all the students looking for an internship in their last year or for the future graduate student looking for a job. This is the perfect opportunity to fill your positions with qualified students from the Solvay Business School.

New

## Our Newest Events : Career Night

Welcome to the Solvay Career Night, a captivating one-night event that encapsulates the essence of Campus Recruitment in a condensed format. This exclusive gathering provides a unique opportunity for students and companies to converge, engage in meaningful conversations, and explore a world of future possibilities. The Career Night will take place on 26th October, start and end hours will be communicated in advance to participating companies.

## WorkShop Night

As one of our newest offers, the Workshop Night allows you to give a quick (30-40 min) workshop to up to 3 different groups of students. This event will take place as follows : each company delivers its workshop, up to 3 times depending on how many students wish to attend the event. The workshops will be followed by a drink in the R42's atrium to create the perfect opportunity for participating students and intervenes to exchange on a more informal and thorough level. The Workshop Night is scheduled on 14th November. Start and end hours will be communicated in advance to participating companies.

## Exclusive Event

Our Exclusive Event offers a distinctive opportunity for companies to host immersive workshops for groups of students. With a generous time slot of 1 hour and half , participating companies can deliver an in-depth workshop, sharing their knowledge and expertise with engaged students. The event allows for up to one workshop session, tailored to accommodate the number of students interested in attending. After the workshops, participants can continue networking during an aperitif session in the elegant setting of R42's atrium. Please note that catering is available as an optional supplement.
