SOLVAY CAMPUS RECRUITMENT
2022 - 2023
CONNECTING EMPLOYERS AND TALENTS
The SBS-EM was founded in 1903 by Ernest Solvay, a humanist and industrial leader to bridge the gap between business and technology. Since then, it’s been training men and women with management skills, decision making and analytical thinking.

It is part of the faculty of Université libre de Bruxelles (ULB), which plays a major role in economic, social, and cultural development in Belgium.

The SBS-EM is a demanding institution, where students must work hard and strive for excellence. It provides robust education, carries out advanced research and benefits from deep ties with the Belgian economy.

The school offers education services from bachelor degrees to high-level executive education and PhD programmes.

**Solvay Brussels School - EM**

**Campus Recruitment Programme**

The Solvay Campus Recruitment is our school's programme facilitating Employers' talent acquisition.

It enables quality employers to connect with our students (Bachelor & Master) through online as well as offline recruitment activities.

This programme is powered hand in hand with the Solvay Brussels School as well as the Bureau Etudiant Solvay and the Cercle Solvay.

**Jobfairs**
- Career Days
  22 & 23 Feb, 2023
- Fair for Impact
Our Students

Bachelor Programmes

- Bachelor in Business Engineering
- Bachelor in Economics

Master Programmes

The Master in Business Engineering prepares students for leadership positions in private and public organisations. Students are equipped with the skills necessary to be actively involved in all areas of organisation management and both quantitative and qualitative data analysis.

The Master in Business Economics trains students to become leading economists, businessmen or managers in both the private or public sector. This technical and labour intensive programme emphasises the ability to analyse governmental policies and to think out of the box.

The Master in Economic Governance & Public Policy in Europe has a strong European flavor which manifests itself in specialised courses or in the careful consideration, in other courses, of the specifics of the European dimension.

The Master in Research in Economics provides students with the theoretical and statistical tools to pursue advanced analysis and research in economics.

**NEW:** Possibility to rent a private space to interview students during the Career Days (200 € for a 2h slot, 500€ to rent all-day)
Our Flagship Event | Solvay Career Days

The Solvay Career Days are known to be the **biggest event** of the Campus Recruitment. Held during 2 days, the Career Days represent the opportunity for both students and companies to meet, discuss and consider future possibilities. With about 70 companies present in total and over **1500 students**, the Career Days are a great opportunity to put your company on a pedestal and to search for promising students to keep an eye on. For the occasion, the Solvay Brussels School transforms itself to that the Career Days can flourish into the flagship event that it is.

What is included for the day?
- A space of 2x3m for your stand (if you need a bigger space see previous page)
- A table and 3 chairs
- Lunch (Adaptable according to the desired diet (vegetarian, vegan, gluten-free))
- Drinks all day
- Access to a « corporate room » if you have any meeting
- Walking diner
- CV book
